3" THICK HIDDEN BRACKET FLOATING SHELF INSTALLATION INSTRUCTIONS

REMOVE THE SHELF/SHELVES FROM THE BOX.

EACH SHELF IS WRAPPED AND SHIPS WITH A CORRESPONDING HIDDEN BRACKET INSIDE.

REMOVE THE HIDDEN BRACKET FROM THE SHELF/SHELVES BY SIMPLY FLIPPING THE SHELF SO THAT THE OPENING IS FACING DOWN. THIS WILL ALLOW THE BRACKET TO SLIDE OUT.

NOTE: IF NECESSARY GENTLY SHAKE THE SHELF TO AID IN THE BRACKET SLIDING OUT.

DETERMINE WHERE THE SHELF IS TO BE LOCATED.

MARK THE LOCATION WHERE YOU'LL PREDRILL YOUR SCREW HOLES ON THE WALL IN PENCIL.

RECOMMENDED: ATTACH TO STUD. DRILL 1/8 INCH PILOT HOLES FOR SCREWS.

IF ATTACHING TO DRYWALL (NO STUD), HEAVY-DUTY ANCHORS ARE ENCOURAGED.

SECURE THE BRACKET TO THE WALL WITH THE SCREWS PROVIDED.

SLIDE THE SHELF ONTO THE BRACKET -- **THE PRE-DRILLED HOLES GO ON THE TOP SIDE.**

SCREW THE SMALL SET SCREWS INTO THE HOLES IN THE TOP OF THE SHELF.

THIS WILL SECURE THE SHELVES IN PLACE ON THE BRACKETS.

REPEAT PROCESS FOR ADDITIONAL BRACKETS / SHELVES.

OPTIONAL: SOME FOLKS CHOOSE TO GLUE THEIR SHELVES ONTO THEIR HIDDEN BRACKETS WITH SILICONE. THIS MAY MAKE FUTURE RELOCATION OR REMOVAL OF THE SHELVES IS DIFFICULT.

DECORATE AS DESIRED, AND ENJOY!

CARE INSTRUCTIONS

DUST WITH A SOFT, LINT-FREE CLOTH. CLEAN SPILLS IMMEDIATELY USING A DAMP, SOFT CLOTH AND MILD SOAP, IF NECESSARY. THOROUGHLY WIPE DRY WITH A CLEAN, SOFT CLOTH AS EXCESS MOISTURE CAN DAMAGE FINISH. J THOMAS HOME USES A PREMIUM TOP COAT FINISH ON ALL ITS WOOD SHELVES. WAXING YOUR SHELVES IS NOT NECESSARY.
